Primary and Secondary Teachers Full-time or part-time/job share £24,000 per annum (or pro rata for part-time)

Melville-Knox Christian School Glasgow is an independent Reformed Christian school serving families in the Glasgow area. The school's Board of Directors is seeking to recruit Primary and Secondary teachers (full time or part-time/job share) for August 2026 (and a mathematics or science teacher to start as soon as possible) who will help to take forward its vision for Christian Education in Scotland. Subject specialists in the sciences, mathematics, social studies, expressive arts, modern languages and English are required to supplement our current specialist staff in these areas and take the growth of the school further.

The successful candidates will need to be committed Christians holding a reformed conviction, in-line with our constitution, and active members of a church. They will need to be GTCS registered. The school benefits from small class sizes and an excellent teaching and learning environment.

Safeguarding is of the utmost importance at Melville-Knox for both pupils and staff. All necessary safeguarding checks and clearances will be undertaken before any appointment. The successful candidates will be required to understand the school's specific safeguarding policies and practices as part of their induction and ongoing professional responsibility.

The school received an excellent inspection report at the end of its first year in 2015 and has grown considerably since then. We now operate on two sites and extended secondary provision to S4 in August 2025.
